

The ANNUAL Report 2022

We honour our Revered Foundress Venerable

Mother Veronica

on her Bi-Centennial Birth Anniversary.

Mother Veronica Foundress Apostolic Carmel (1823 - 2023)

OUR VISION

Rooted in the life, Mission and teachings of Jesus Christ and inspired by Mother Veronica, the Foundress of the Apostolic Carmel, Patna Women's College strives to become a centre of academic excellence in Higher Education, Social responsibility, and Empowerment of Women.

MISSION STATEMENT

Patna Women's College, the first College for women in Bihar, is committed to the holistic development of women so as to make an effective contribution to the creation of a better society. To this end we strive

- To become a centre of excellence in Higher Education for Women in an atmosphere of autonomy.
- To excel in teaching-learning, research and consultancy.
- To provide education that promotes capacity building and holistic development of a person.
- To offer subjects for competency building and motivate/animate a work force imbued with human values.
- To promote patriotism, communal harmony and cultural integration to maintain a free and peaceful atmosphere in the campus.
- To train the students in creative arts, social service, critical thinking, and leadership in order to make an effective contribution to the creation of a new and value based society.
- To create women leaders and to make them agents of social change.
- To develop skill oriented and value based courses, for the all-round development of individuals.
- To promote academic exchange and academia-industry interface.
- To form young women who are 'always wise' and who will dare to 'go ahead and conquer knowledge' through, competence, commitment, delicate conscience and compassion.

OBJECTIVES

In the light of the Vision and Mission Statement, we, with our lay collaborators, lead our students to:

- nourish a deep faith in God
- relentlessly search for truth and justice
- foster an ongoing urge to reflect and act in accordance with their convictions
- think creatively and courageously face the challenges of life
- respect other faiths and foster religious harmony
- respect the rights of every individual
- cherish fidelity to their duties and responsibilities
- love their neighbour, irrespective of status, caste and creed, and live in peace and harmony
- set themselves free from socio-economic, religious, caste and gender prejudices and act as catalysts of social change
- protect, preserve and judiciously use the resources of the earth for the welfare of all
- be willing to forgive and forget the wrongs done to them
- be committed to selfless service of the economically, socially, psychologically and spiritually deprived, especially women
- be loyal to their country, prepare themselves to take leadership roles for the good of the country and of the society

CORE VALUES

- Faith in God
- Honesty / Moral Uprightness
- Love and Forgiveness towards all
- Social Responsibility/Empowerment of the Marginalized
- Respect for Life and Creation
- Pursuit of Excellence
- Promotion of peace, harmony and brotherhood

We encourage our staff to be imbued with this same 'Vision and Mission' in the service of the glorious task of educating the youth of our time.

We urge parents/guardians, who entrust their children to us, to share our 'Vision and Mission' and to cooperate with us in making our students a powerful force for the transformation of society. Keeping all this in mind, the students are trained in the academic subjects by a group of highly committed teachers.

The Carmelite Order was founded in honour of the Virgin Mary in 1282. Our Lady of Mount Carmel is Mary who, as a Mother, looks on Carmel and on Carmelites as her own children, eager to reach the summit of Mount Carmel which is Christ. Mary is venerated as the first parent of the Carmelite family.

The Carmelite Fathers were called the **First Order** of Carmel. Then came the Institution for Carmelite Sisters (the **Second Order**), who spent their time in contemplative prayer. Being much stricter in their seclusion from the World, they could easily occupy themselves intensely with God. The Apostolic Carmel (A.C.), as a **Third Order** of our Lady of Mount Carmel was founded to love and serve God through both prayer and service for society.

Architectural history

Education is a fundamental human right and should be accessible to all irrespective of their gender. Patna Women's College was established in 1940 by Bishop B.J. Sullivan S.J. and Mother M. Josephine for a social change which was meant to liberate and empower women by providing them equal opportunities in higher education. With the vision to shape and nurture strong, free and educated women, the foundation of Patna Women's College was laid in Patna, Bihar. It was a brave and revolutionary step at that time in a place where female education was considered unnecessary and a male prerogative. Patna Women's College is the first college for women in Bihar and a pioneer in women's education.

The main building of the college is an imposing and majestic structure approximately 82 years old. It is a beautiful amalgam of diverse architectural styles making it an architectural masterpiece.

The new Veronica Auditorium is an architectural marvel inspired by the main building of the College. It is a unique synthesis of Hindu, Islamic, Norman and Gothic architectural styles. A symbol of harmony, it is also an aesthetic delight. The design does not allow the eye to settle in one place and the right balance between all the elements, makes it a composite and a well-planned design.

Veronica Auditorium is designed on a footprint of approximately 36000 square feet and a total built up area of 55000 square feet. The main entrance to the auditorium is a grand double height entrance lobby which is accessed by two symmetrical staircases from the front of the building similar to the College building. The building has a multipurpose hall, museum and other facilities on the front side. There are VIP entrance and exit on both sides and service entrance at the back, facilitating smooth movement.

The seating capacity of this $\,$ auditorium is approximately 2400 including 320 seats in the balcony. Audience sightlines, acoustics and accessibility add to the perfection of the auditorium. The interior design compliments the architectural character of the building. Equipped with the latest technology, this auditorium one of its kind in the entire region. A 50' X 21' video wall is installed for screening of movies and creating special effects during performances.

Decorated with beautiful artwork the entrance lobby is a treat to the eyes.

The back stage area has two big green rooms on the ground level and guest rooms on the upper level. This area is designed for all the services required for stage performances and other audio visual shows.

Patna Women's College has been developing and adding academic courses in the last eight decades. All the academic facilities are planned in varied built units systemized in a calm and green campus. Effective infrastructure planning of an educational institution is one key factor that creates positive and conducive atmosphere for a student's learning. Along with academic buildings an institution must consider proper spaces for ancillory activities which contributes to all round education.

Theatres and Auditorium are important building types with a history that goes back thousands of years to the ancient Roman and Greek times and beyond. With a key tenet of 21st century learning, focusing on educating the whole student, and with the development of technology, these spaces are relevant today in developing communication and presentation skills, creativity and a passion for learning. With an innovative thought and creative design, Patna Women's College Veronica Auditorium can serve as the foundation for learning about the different art and culture of any community, while performing as a flexible and essential component of the institute.

THE RECORD OF ACTIVITIES OF PWC IN 2022 ACCORDING TO THE DIFFERENT CRITERIA SPECIFIED BY NAAC.

I. CURRICULAR ASPECTS

"The whole purpose of education is to turn mirrors into windows"

— Sydney J. Harrris

In every academic programme, the curriculum designing has been integrated with issues related to Employability, entrepreneurship, skill development, Professional Ethics, Gender, Human Values, Environment and Sustainability, local, national, regional and global developmental needs. Syllabus handbook based on Outcome Based Education (OBE) for various programmes were printed and distributed among the students and teachers. Syllabus revisions were carried out by some departments through their Board of Studies in order to incorporate the elements which are required to be taught as per the prevailing scenario.

In 2022, a new PG Degree programme on Biotechnology and three Career oriented credit based Add-on certificate courses on Data Science, Vermi Biotechnology, and Horticulture and landscape gardening were introduced.

II. TEACHING, LEARNING AND EVALUATION

"Teaching is more than imparting knowledge, it is inspiring change, Learning is more than absorbing facts, it is acquiring understanding"

— William Arthur Ward

(A) The teaching, learning process at Patna Women's College is effective, modern, time referent and student centric.

The learning levels of students are quantitatively assessed by their performance in the CIA and End Semester Examinations. For each department, groups of slow learners are made on the LMS (Learning Management System); and special tutorial classes are held for them in online mode. The slow learners are given special attention in the departments. Teachers give extra time and personal care to these students through various ways; such as providing study materials, giving framework for writing answers and correcting their notes. In tutorial and practical classes group-based practice sessions are conducted.

The advanced learners are given special responsibilities. They are made group leaders in the departments and under their guidance and support the other students do their work to complete various given assignments. They are selected for undertaking research projects and research presentations under the CPE, BSR and DBT Schemes implemented in the college.

RESEARCH. INNOVATION AND EXTENSION

"For good ideas and true innovation, you need human interaction, conflict, argument and debate"

— Margaret Heffernan

Patna Women's College has several centres and cells working for knowledge transfer, innovation and community orientation. The Research and Development Cell works for the promotion of innovative and contemporary research among the faculty members and students. Mother Veronica Excellence and Innovation Centre (MVEIC) is the incubation centre of the college promoting entrepreneurship pursuits among the teachers and students and innovative start-ups including the institutional LMS - PWC LINK. An active Placement and Career Counselling Cell explores the employment opportunities for the students and conducts professional training programmes.

Central Research Laboratory (CRL), GIS Lab, Language Lab, E-library and Audio-Visual Studio are functioning for knowledge transfer, study content development and innovation.

The community orientation is taken care by the ISR efforts under the banner of PWC - PRAYAS (Promotion of Responsible Action for Youth and Society). Our ISR is wide spread through social outreach programmes, literacy projects, school mentorship programme and other support services for the marginalized sections of the society. Mother Veronica Development Scheme (MVDS) provides remedial teaching and skill development to the economically backward but meritorious students of the college. Carmel Community College conducts short duration employment-oriented skill development courses like Tailoring and Health Care for needy women and college drop-outs.

(A) MAJOR / MINOR PROJECTS:

- Several faculty members have completed minor research projects with grants received from the UGC.
- Funded by the DBT (Department of Biotechnology, Government of India) our students took up a number of Research Projects and completed them successfully.
- Newly implemented projects at college level from 2022:
 - Students' research projects under 'College with Potential for Excellence' (CPE) scheme.
 - UGC supported 'Basic Scientific Research' for Science students.

EXTENSION: From Campus to Community – Promotion of Responsible Actions for Youth and Society (PRAYAS) – PWC (Institutional Social Responsibility)

The community orientation and extension services at Patna Women's College are taken care by the **ISR** efforts under the banner of **PWC – PRAYAS (Promotion of Responsible Action for Youth and Society).** Our ISR is wide spread through social outreach programmes, literacy projects and various support services for the marginalized sections of the society.

The mission of the college is to develop not only academic excellence in students but also to inculcate in them social awareness and responsibility towards their society. The college has several outreach programmes through which the students are motivated towards community service, leading to increased social consciousness in them and concern for the underprivileged and also for the environment.

IV. STUDENT SUPPORT AND PROGRESSION

"A little progress each day adds up to big results"

— Satya Nani

PWC aims to provide opportunities to students for a multidimensional growth of personality.

The college provides for theology and personality classes, talks and counseling, value education classes, celebrations of religious, national and international festivals.

The students elect their cabinet comprising a Premier, a Vice-Premier and 10 Secretaries. Driven by the college motto – 'Be Always Wise' – it pursues the college ideals in tandem with the management.

Students can enroll in clubs such as Tark, Dakhal, Srishti, ETF.

To commemorate Azadi ka Amrit Mahotsav (AKAM), the college conducted a series of curricular and extracurricular events. Ek Bharat Shreshtha Bharat programme undertaken by AICTE, Union Ministry of Education, as part of AKAM aims at the celebration of diversity through interaction and reciprocity among states and UTs. Patna Women's College has been nominated as the nodal institution in Bihar for this.

The Placement Cell offers career options.

Parent-Teacher Meet and Alumni get-together are held regularly.

Various welfare measures and support mechanisms have been adopted for the students in the college; that includes scholarships, free-ships, remedial classes for the slow learners, health check-up programmes, etc.

(i) Physical Education and Sports

A healthy mind resides in a healthy body is the principle that is followed in the college, and great encouragement is given to sports. The College has facilities for outdoor games like Kho-Kho, Basketball, Badminton, Volleyball, Throwball, Cricket, etc., and also for indoor sports like Carrom, Table Tennis, Chess, etc. The Annual Sports Day is organized on a big scale, with athletic events and colourful drill displays.

While the participants are given a chance to display their talents on the college ground and win recognition and awards, they are also encouraged to take part in district, state and national sports' meets. T.A., D.A. are given when students participate in outstation events.

V. GOVERNANCE, LEADERSHIP AND MANAGEMENT

"A leader is one who knows the way, goes the way and shows the way"

— John C. Maxwell

Patna Women's College, adhered to its vision statement always strives to impart academic excellence, social responsibility and empowerment to the young women under an able leadership and good governance. The Governing Body is the apex body in the leadership hierarchy, the reverend archbishop being its president and Principal its member secretary. This decision-making body holds annual meetings to review the institutional policies, strategies, budget allocation, implementation of developmental features and future planning for enhancement. The Academic Council of the college has been constituted after the autonomy on the guidelines of UGC. This body is responsible for academic and curricular enhancement and advancement of the institution with the support from the Boards of Studies operational in every department of the college. All these bodies function under the able leadership of the principal. The vision, mission statement and core values of the institution are communicated well to all its stakeholders including the students, staff members, parents and the alumni through the website, college prospectus, handbook, publications, social media and different programmes organized from time to time.

The institution believes in the policy of decentralization and participatory functioning. The Principal is at the highest position as the Chief of Administrative and Executive functions of the college, well supported by a series of office bearers of different orders. The transparency and decentralization in the overall management of the institution was given much importance after the introduction of autonomy.

The IQAC (Internal Quality Assurance Cell) is a vital part of the college system and it works towards realization of the goals of quality enhancement and sustenance in the institution. It strives to channelize all efforts and measures of the college towards promoting holistic academic excellence. IQAC takes up quality initiatives for the incremental improvement of the institution.

VI. INSTITUTIONAL VALUES AND BEST PRACTICES

"Nothing is possible without men, but nothing lasts without institutions"

— Jean Monnet

Under the **Institutional Social Responsibility**, Patna Women's College has a centre for **Social Initiatives** which is a movement from **'Campus to Community'** services. Among the many Best Practices of the college, the **'Campus to Community Services'** are considered as the most unique Best Practice in which all the stakeholders are involved directly or indirectly.

Best Practice No. 1

- 1. Title of the Best Practice: PWC-PRAYAS (Promotion of Responsible Action for Youth and Society)
- 2. Objectives and Principles: Patna Women's College has undertaken PWC-PRAYAS (Promotion of Responsible Action for Youth and Society) under Institutional Social Responsibility (ISR) through different social outreach programmes and support services especially meant for the marginalized sections of the society. The basic principle of the practice is to provide assistance, remedial classes, financial aid and psychological support to the different categories of marginalized and underprivileged sections of the society and also to the needy students of our college. All the students of Patna Women's College involved in various ISR initiatives have the opportunity to earn a maximum of 4 Non-Academic Credits.

The chief objectives of PWC-PRAYAS are:

- To inculcate the values of compassion, moral responsibility and social service among the students of the institution
- · To identify the underprivileged groups of the society for reaching out to them
- To provide financial, moral, educational and psychological support the target groups at regular basis
- · To empower the target groups with skill development and employment opportunities
- **3. The Context:** PWC-PRAYAS has taken shape adhering to the objectives of the college that reads 'to be committed to selfless service to the economically, socially, psychologically and spiritually deprived'. The mission statement of the college emphasizes on to train the students in social service and to create women leaders for social change. The practice of social outreach follows the institutional core value of 'Social Responsibility and Empowerment of the Marginalized'.
- 4. The Practice: Patna Women's College has undertaken its community outreach by the following ISR initiatives under the banner of PWC PRAYAS (Promotion of Responsible Action for Youth and Society):

Inter College Women Association (ICWA): ICWA is an Inter-college initiative for the upliftment of children and women belonging to marginalized sections of our society. ICWA volunteers of the college under the guidance of teachers undertake literacy campaigns and social upliftment programmes in the neighbourhood areas for the slum children and women. At the same time ICWA provides services related to health, sanitation and rehabilitation to the inmates of Women's Remand Home.

Manthan Project: Under this outreach programme, the student volunteers provide remedial teaching to the

underprivileged school children at NGO Manthan, Khagaul. The students visit the centre on Saturdays to train the children in their school subjects.

Mother Veronica Development Foundation (MVDF): This scheme supports the economically backward meritorious students of the college through remedial teaching, library facilities, English communication, personality development sessions and skill development training.

Joy of Giving: Every year as a philanthropic effort the **Joy of Giving** Week is observed in the college. The students and staff collect cash and needful items during the week that is distributed among the poor, disaster victims, orphans, destitute women and leprosy patients.

School Mentorship Programme: PWC runs a mentorship programme in the 20 government secondary schools of Patna. Under this programme different departments have been assigned with mentee schools. The students under the guidance of ISR Coordinators provide classroom teaching and support in other cocurricular/extra-curricular activities.

Platinum Jubilee Scholarships: This special scholarship for continuing the studies was established during the platinum jubilee year of the college in 2015 for the selected students with annual family income less than 1 lakh. Every year 150 students are benefitted by this welfare measure.

Outreach Programmes for marginalized groups: For underprivileged people like rickshaw pullers, house maids, rag pickers and Transgender friends, every year special **Christmas Milan programmes** are organized. Many other welfare measures are undertaken for them from time to time.

Special COVID initiatives: As a special COVID initiative, masks, hygiene items and provisions were distributed to slum dwellers, transgender groups, poor widows and other needy people of the society. During the COVID lockdowns bicycles and sewing machines were donated to selected support staff members of the college. Full fees waive off was done for 11 students who lost their earning members in the family due to pandemic. The members of the Student Council started a special COVID Helpline through social media to disseminate information regarding availability of hospital beds, oxygen cylinders, etc.

Best Practice No. 2

- 1. **Title of the Best Practice: CARMEL COMMUNITY COLLEGE** An alternative education system for non-collegiate women.
- **2. Objectives and Principles:** Carmel Community College is functioning in the PWC Campus with its sole principle to impart employability-oriented education to those women of our society who are either deprived from the conventional college education or are school/college drop-outs.

The chief objectives of the Carmel community college are:

- · To evolve an alternative system of education for the less privileged women
- · To focus on livelihood-based and employability centred training
- · To enhance competency level, skill development and entrepreneurship skills among the trainees
- · To develop strong Industry-Institution linkages for securing employment for the students
- · To empower the marginalized women
- **3. The Context:** In the light of the vision and mission statement of the institution, the Carmel Community College has been established to promote skill-oriented courses for empowerment of the marginalized women. The education system is contextually meant for facilitating professional skill-based practical training to those young women who are unable to get into conventional academic programmes due to some kind of unfavourable circumstances.

4. The Practice: Carmel Community College offers 3 skill-oriented courses namely **(i) Health Care, (ii) Beauty Care and (iii) Tailoring.** The minimum educational qualification required for undertaking these courses are Higher Secondary/ Matriculation. At the same time the girls/women must have knack in the concerned field of study and an entrepreneurship zeal.

Health Care is a 6-month course containing both theory and practical topics. The course includes fundamentals of nursing, personal hygiene, identification and control of infections, bio-medical waste management and preventive health care. The students are also trained practically about oral health cares, medications, patient care and handling patients, managing bed sores, preparing beds, and working on common medical care instruments.

Beauty Care is a 3-month course emphasising on the basic skills of a beautician. The course of study includes bridal make-up, hair care and styling, manicure, pedicure, skin care techniques of bleaching and waxing, threading, etc. The students receive both theory as well as practical training and become well trained for working in beauty salons and also for starting their own business.

Tailoring is a 6-month course providing hands-on training in needle work, cut work, stitching, cutting and tailoring. The students learn popular needle work stitches for preparing different craft items. They receive training for cutting and stitching common outfits like blouse, salwar, kurti, frock, petticoat, baby suit, etc. They are trained in working on sewing machines. They learn different types of cut work techniques such as patch work, applique, sequin work and beading.

Entrepreneurship Promotion

The objective of Entrepreneurship Promotion is to inspire and work with aspiring entrepreneurs to shape up business ideas into commercial start-up companies. Under the guidance of diligent and experienced faculty, candidates learn the dynamic process of business development and how to survive in their early stage. In addition, the institution also provides infrastructural support i.e. office space, meeting room to the candidates. At every step, the individuals are mentored and nurtured for their acquiescent business ideas.

Earning while learning: Many of our students earn while they continue their study in the college. The mode of earning includes part-time teaching, giving tuitions, writing for newspapers, freelancing, reporting and anchoring, working at call centres, etc. The break-up of the number of students who earn while they learn is given below.

CONCLUSION

Reading through the pages of this Annual Report, one realises that Patna Women's College is truly rich in tradition. In many respects, especially in the area of PG courses, we are small in size, but rich in spirit, broad in academic challenges, high in expectations, innovative in approach, diverse in opportunities, unparalleled in commitment.

Thanks are due to all the staff and students of Patna Women's College for their active participation in all the curricular and extra-curricular activities. We appreciate their hard work, loyalty and commitment.

(Dr. Sister M. Rashmi A.C.)

Department of English

The Department of English has the same year of inception as Patna Women's College. The department offers Undergraduate and Post-Graduate Programmes in English, Add-on Courses in German, French and Spanish languages and a Certificate Course in Performing Arts.

The department aims at creating a learning environment that is conducive to the development of critical faculty, shaping of socially responsible and committed citizens with human values and ethical practices. The department focuses not only on imparting curriculum based theoretical knowledge but also on sensitizing students towards important issues and subjects like gender, ecology, inclusivity etc., so that the acquired learning can translate into positive social intervention. This is an attempt to bridge the gap between academia and activism.

The activities of the department aim at providing learning opportunities and exposure to the students. The regular activities include poetry writing and recitation competition ('I Write, I Recite'), a Skit contest ('Echoes from Literary Texts'), Research Project and Poster Making. Guest lectures, seminars, interactive sessions on relevant themes are also organised. 'Reflections', an online Lecture Series is organised monthly to provide an opportunity to the faculty and students to listen to and interact with guest speakers who are scholars, academicians and researchers of repute. 'Deliberations', a discussion forum facilitates students to participate in discussion with experts. Movies / documentaries are screened and film appreciation sessions are held under 'Projections: Celluloid World'. Teachers of the department provide constant guidance to the students. Each teacher acts as a mentor to a group of students and provides counselling to the students.

The Debating Society (Tark) and the Theatre Society (Dakhal) of Patna Women's College are initiatives of the Department of English. The Department takes pride in its illustrious alumnae who have excelled as bureaucrats, judges, advocates, professors, academicians, pilots and corporate leaders and made a mark in India and abroad.

The department lab is equipped with more than 100 computers with Wi-Fi connectivity and high speed internet leased line connection. A rich departmental library having more than thousand books and 100 educational CDs on various computer subjects for reference work and research activities. To facilitate learning the department is well equipped with other gadgets like laptops, scanner, printers and many others.

The Department of MCA has well qualified regular faculty as well as visiting faculty from renowned institutions. Regular monitoring of students are done through mid-term examination, project presentation, assignment evaluation and e-learning computer based tutorials. Apart from the regular course, the department also conducts three credit based add-on certificate courses (College Level) on 3D Animation & Design, Android App Development and Internet of Things (IoT) Applications, Data Science to meet the professional demand in the IT industry. The Learning Management System (LINK LMS) has been developed by the MCA students and is being maintained by the Department of Computer Applications (MCA).

We propose to open a new vista of knowledge with a view:

- to develop skills for employment and self-employability.
- to equip the students with specific skills which would facilitate them to function professionally.
- to acquire managerial flair in the respective areas.
- to create an ambience which would be conducive towards fostering professional acumen.
- to generate interest and inclination among women to adapt themselves to the changing global economic scenario.

Central Research Lab (CRL)

The Central Research Laboratory (CRL) was established in October 2014 with the financial support given by the University Grants Commission (UGC) and the Government of Bihar. The idea behind its establishment is that high priced instruments which may not be available to young budding scientists and researchers in individual laboratories could be made available at the Central Research Laboratory. In this connection, the independent laboratory, the CRL of Patna Women's College has the most modern and sophisticated equipments for the UG and PG students and researchers with various needs.

CRL provides consultancy services to various institutions by sample testing. Every year more than 50 samples from IIT Patna, NIT Patna, NIPER Hajipur, Aryabhatt Knowledge University Patna are analysed. CRL also provides facilities for in-house research. More than 15 groups with 60 students use the lab for their research work under BSR, CPR, DBT scheme. Students of Zoology, Botany, Physics, Chemistry and Microbiology avail the facility provided by this lab. Research Scholars of Patna University, Patliputra University and Aryabhatt Knowledge University also come and do their research work. Teachers of our college with their seed money grant avail research facilities in CRL.

Celebrating The Birth Of Journalism

The Department Communication organized an online guest lecture to mark the birth of the first newspaper, Bengal Gazette in India. The topic for the discussion was 'Newspaper- then was Newspaper- then and now.' Dr Anubhuti Yadav, Head of the Department of New Media and Course Director of Advertising and Public Relations at the Indian Institute of Mass Communication, addressed the students as the guest speaker. The program com-menced with a warm-up session during which a quiz was conducted for the students where the quizmaster was Sweta Kumari of the 6th

answer session. Yaday cleared all doubts. She also talked about the besitance of parents for sending girls into the field of media by sharing her experience. Lastly, she encouraged the girls and said, "Just follow your passion. Life is going to be very challenging, but you need to learn how to make your own choices and fight for yourself" The came to an end with the vote of thanks presented by Divya Swaraj from

Patna Women's College likely to offer online degree courses

TNN | Feb 25, 2022, 04 28 AM IST

PATNA: Patna Women's College (PWC), an autonomous college under the Patna University, is likely to offer online degree courses from the next academic session, college principal Sister M Rashmi said. Welcoming the UGC's decision to allow the autonomous colleges having accreditation from the NAAC with A- grade (a minimum of 3.26 CGPA score) or securing ranks in the top 100 list in the respective subject category twice in the preceding three rankings of National Institutional Ranking Framework to offer online degree courses to the students from July this year, the principal said the college would take a decision on running much-sought after courses for the benefit of local students only after studying the details of the UGC scheme.

"I will seek necessary approval of the UGC for running online courses in

the chosen subjects," the principal said, adding that the UGC is expected to share a detailed framework for online courses next month

PWC girls excel in speech contest

Patna Women's College students recalled the valuable contribution of women in the national freedom struggle and called upon their friends to get inspiration from the sacrifices made by the freedom fighters.

Participating in a speech completion on Revisiting the contribution of women in freedom struggle', organised by the philosophy department of the college on Monday as part of 'Azadi Ka Amrit Mahotsava' celebrations, they said the participation of women in freedom movement started in 1857 when Bhima Bai Holkar, Rani Lakshmi Bai and others fought against the British. "Subsequently more and more women came forward and joined the struggle leading ultimately to the freedom of the country," they added.

Patna Women's College grooms students to break glass ceilings

Patna: Patna Women's College (PWC), an autonomous institution under Patna University stands for excellence and innovation in higher education. PWC girls are empowered with professional competence, an ability to assume positions of leadership with ease and shatter inhibitory glass ceilings.

Besides imparting undergraduate and post-graduate education in traditional and vocational streams with the help of cutting edge technology, the institution has also been training its students in community service activities.

Founded in 1940 by B J Sullivan, Bishop of Patna, and

HOLISTIC APPROACH

Mother M. Josephine, Superior General of the Apostolic Carmel, PWC happens to be the first institution of higher learning for the women in Bihar. Initially, the college and the hostel were housed in the Bishop's residence at Bankipur, but later it shifted to its own sprawling campus opposite Patna high court on Bailey Road. It was granted the status of Degree College in July 1941. In the year 1952, it became a constituent unit of Pat-

The college created a ripple in the academic circles of the state when, in 1970, three of its students, namely, Anuradha Mazumdar, Lakshmi Chakravarty and Shashi Uban , secured first, second and fourth positions, respectively, in the UPSC civil services examination. While Mazumdar and Chakravarty opted for the IAS, Uban joined the IFS.

In July 2007, the state government declared it as a 'Religious Minority College'. The college has been accredited by NAAC with 'A' grade for three consecutive cycles. It is preparing for its fourth cycle of accreditation next year.

THE COAT OF ARMS

The Coat of Arms represents the nature of the dedication of the Carmelite Sisters to Women's Education. It has (i) a book and a hand, (ii) a cross with a Patli creeper, (iii) a shield, a cross and three stars. The book and the hand in the coat of arms are those of Saint Teresa of Avila (Spain), the Patron Saint of Patna Women's College.

The cross is a symbol of hope in times of suffering. The creeper encircling the cross is the Patli creeper, which is of this place, Patliputra. The creeper clinging to the cross tells us that it was with great difficulty that this College was built, that we must not leave unfinished any work because of obstacles and that knowledge gained from books is second hand knowledge. It is experience gained through difficulties that matures a person.

The third symbol (shield, cross, stars) is that of the Carmelite Order to which the Sisters of this College belong. The shield like mountain is Mount Carmel in Palestine over looking the Mediterranean Sea, hence the blue background. Mount Carmel stands for stability and power, the symbol of God's steadfast love. A cross on the summit of the mountain is the distinctive mark of the Carmelites. The two stars on either side of the cross represent the Greek and Latin eras through which the Order has survived. The star in the centre symbolises Mary whose protection the Carmelites seek. Below the symbols is the motto: 'Always Wise' (Latin: Semper Sapientiae)

THE COLLEGE FLAG

The College has flag with a cream background having an exclusive coat of arms of its own in the centre and the name Patna Women's College written below the coat of arms. The cream colour symbolise discipline and simplicity.
